

It's been a long time coming but BT Buddies is almost ready for it's official launch! After adding the last remaining articles and making sure the technical 'bits' are all working properly BT Buddies will be announced to the BT Community and various local and national press on 1st March 2009, the start of brain tumour awareness month.

My hopes for this website are that it brings information and support to people in the UK who are seeking help specifically on high grade brain tumours.

Once launched I will continue to add information to the site and will keep all sections up to date so that people visiting BT Buddies will see the latest information there is.

If you have any comments or suggestions please don't hesitate to get in touch via the [contact us form](#) !

Your BT Buddy,

Natalya
