

Website Transfer

Saturday, 14 February 2009 00:00 -

We are in the process of transferring BT Buddies to a new server and getting ready for our launch day of March 1st 2009. Please bear with us as there maybe times when the site is unavailable or pages aren't displayed correctly. I will keep you all posted on how things are going here and in the mean time if you can keep your fingers crossed that we get everything done for the launch date I'd really appreciate it!

Your BT Buddy,

Natalya
